

Summer Camp 2009 Weekly Descriptions

Green Thumbs Week 1– June 15-19

Have you ever dreamt of growing your own food? This week you will gain hands on experience by helping the YGP gardeners and learning what plants need to grow, which garden bugs are friendly and how the garden ecosystem works. You will even start your own garden that you can take home with you.

Around the World in Five Days—June 22-26

This week we will journey across the globe and experience a variety of cultures. We'll explore new foods, traditions, games, and languages!

Magical Merrymaking – June 29-July 3

The garden is alive with mystery and magic this week! Learn amazing tricks and brew your own potions and salves from garden materials!

Water Explorers—July 6-10

Keep cool on hot summer days by learning and playing at all the best water spots around Moab! May include a whitewater rafting trip.

The Mad Scientists Convention – July 13-17

Are you curious? Always asking questions? Here in the garden experiments rule! This week we'll explore the natural world from insects to outer space and everywhere in between.

Iron Chef YGP, Round Two—July 20-24

The heat is on in the kitchen at YGP as we pull secret ingredients from the garden and create new and delicious artistic creations. The week will culminate in an YGP Iron Chef cook off!

YGP on Broadway – July-27-31

Join the cast and crew for a fun performance of a children's classic! We'll make costumes and put on a performance for the whole community!

We're all in this Together—August 3-7

As we have fun in the garden, we will also have fun taking field trips to different places in Moab to see all of the people and places that make Moab unique. This week will incorporate a special service project to help someone in need in the community.
