

Youth Garden Project

2018 Summer Camp Themes

Week 1: GARDEN OASIS! (June 4-8)

What better way to start the summer off than exploring all over the garden! We will get up close and personal with garden bugs and animals, harvest and taste summer produce, learn from the Farm Crew, and more. Summer campers will get their green thumbs in the ground and get the inside scoop on all things garden!

Week 2: GAME SHOW MANIA! (June 11-15)

Sign-up for some old fashioned game show fun...with a garden twist! Summer campers will participate in an entire week of classic games with opportunities to work together in teams and test out their game show host persona!

Week 3: UPCYCLE IT! (June 18-22)

Get ready to discover the depths of your imagination! During the week we will turn trash into treasure through a variety of arts and crafts projects. You'll be amazed at all the creations you can make (even clothes!) from old materials.

Week 4: THE WONDERFUL WORLD OF WATER! (June 25-29)—*partnering with Canyonlands Field Institute*

One of our most popular weeks of the summer is focused on one of Earth's most precious resources—water! Throughout the week summer campers will experiment, learn about, and of course play with water. There's no better way to appreciate the excitement of water than being on it, so we'll finish the week with a raft trip on the Colorado River!

NO SUMMER CAMP: JULY 2-6

Week 5: YGP ON BROADWAY PRESENTS...SHREK IN GARDENLAND! (July 9-13)

Extra! Extra! Read all about it! YGP is putting on another fantastic theatrical performance! Join us for this unique week of set-making, costumes, acting, and a final performance for the Moab community at Historic Star Hall.

Week 6: IT'S A MYSTERY! (July 16-20)

You're invited to crack the codes of the garden all week long! Come along as we search for clues, solve puzzles, and complete scavenger hunts. As for what else is in store, you'll have to wait and find out! It's a mystery!

Week 7: WHAT'S COOKING IN THE GARDEN! (July 23-27)

Let's get cooking in the garden! Become the skilled chef you've always dreamed of being. Summer campers will discover the delicious bounty the garden has to offer as they prepare garden fresh snacks and bake tasty treats.

Week 8: RANDOMNESS! (July 30-August 3)—*partnering with Canyonlands Field Institute*

If you want to get silly and have some random fun, then this is the perfect week for you! Summer campers will get involved with activities ranging from wacky relay races to dragons to bubbles and beyond! You won't want to miss what randomness will happen in the garden!

Week 9: WILDERNESS SURVIVAL! (August 6-10)—*partnering with Canyonlands Field Institute*

Join us for the last week of summer camp this season for a week filled with hands-on wilderness survival activities! Experience what it takes to build a fire, navigate using a compass, identify animal tracks, construct natural shelter, and more. Practicing skills like these are sure to build confidence and enhance an appreciation of our natural world.
